

RZ10-160E Rotary Premade Pouch Pick Fill Seal Machine

The RZ10-160E High-Speed Premade Pouch Fill Seal Machine, a versatile and efficient solution designed to meet diverse packaging needs. Whether you're packaging grains, nuts, snacks, liquids, or chestnuts, the RZ10-160E High Speed Premade Pouch Fill Seal Machine offers the flexibility and speed required to handle a wide range of materials with ease and precision.

User-Friendly Operation of the RZ10-160E High Speed Premade Pouch Fill Seal Machine

The RZ10-160E High-Speed Premade Pouch Fill Seal Machine stands out for its user-friendly operation, featuring a PLC touchscreen control and an intuitive human-machine interface. Adjusting the machine's clamp is a breeze with the simple turn of the adjustment wheel. Making the RZ10-160E High Speed Premade Pouch Fill Seal Machine incredibly easy to use. Equipped with a comprehensive prevention system, the machine intelligently detects whether a pouch is properly opened before filling and sealing, reducing waste and conserving resources by recycling empty pouches for refilling.

Hygienic Design of the RZ10-160E High Speed Premade Pouch Fill Seal Machine

Designed with hygiene in mind, the machine is built with food-grade 304 stainless steel and other materials that meet GMP standards, ensuring product safety and quality, making the RZ10-160E High Speed Premade Pouch Fill Seal Machine an excellent choice for food-related industries. Its oil-free vacuum pump prevents environmental contamination, and the groove cam system, made from durable 20CrMinTi, provides exceptional hardness, precision, and stability. With 10 working stations, the machine delivers high sealing quality, elevating the standard of your product's packaging.

Durability and Maintenance of the RZ10-160E High Speed Premade Pouch Fill Seal Machine

For businesses looking to elevate their packaging operations, the RZ10-160E High Speed Premade Pouch Fill Seal Machine offers a combination of speed, precision, and reliability. Its advanced features, user-friendly design, and commitment to hygiene make the RZ10-160E High Speed Premade Pouch Fill Seal Machine the perfect choice for ensuring high-quality, efficient packaging across a wide range of products.

Main Specification

Model	RZ10-160E High Speed Premade Pouch Fill Seal Machine
Bag size	W: 60-160 mm; L: 80-370 mm
Filling Range	≤500 g
Packing Speed	≤ 100 bags/min (depending on products and bags materials)
Weight	1450 kg
Dimensions (L*W*H)	1840 mm*1610 mm*1550 mm
Total power	3.22 kw
Driving Power Source	380 V three-phase five line 50 HZ (other power can be customized)
Compress air requirement	≥ 0.5 m ³ /min (Compressed air is provided by the customer)
