

Automatic 4 Heads Peanut Butter Chocolate Cream Paste Hot Chili Sauce Filling Machine For Jam With Heater Mixer

This paste filling machine has mixing and heating function, and it can feed filling material automatically, you don't need to pour filling material into the hopper, saves working labor. This automatic filling machine is good for filling pepper sauce, chocolate etc. Each nozzle can be controlled separately. It is widely used in food, beverage, daily chemical industries.

Main Feature

- ▶ Each nozzle can be controlled separately.
- ▶ It is with mixing and heating function, and can feed filling material automatically.
- ▶ It can work with automatic capping. labeling machine to realize automated production

Parameter

- Voltage: 110/220v 50-60HZ 600W
- Filling Range: 5-100m/10-300ml/50-500mi/100-1000ml/500-3000m/1000-5000ml
- Working Speed
- (Based On Water): 20- 50bottles/Min
- Heating Temperature: About 0-300°C
- Mixing Speed: About 1200r/min
- Filling Accuracy: $\leq +1\%$
- Air Pressure: 0.5-0.7mpa
- Conveyor Size: About 2000*100mm(l*w)
- Size Of Filling Nozzle: $\varphi 10\text{mm}$
- Size Of Air Compressor Connector: $\varphi 10\text{mm}$
- Machine Weight: 329kg
- Machine Size: 975*1020*2010mm
- Package Weight: 392kg
- Package Size: 1660*1130*2130mm
