

## *SH-LG2C Automatic Servo Piston Pump 2-color Cosmetic Gels Foundation Cream Lip Gloss Spiral Filler Swirl Filling Machine*

### **Main Feature**

- ▶ This machine is specially designed for swirl filling of two-color products.
- ▶ Servo piston pump controls filling, filling volume can be set directly. Has high filling accuracy.
- ▶ With heating and mixing hopper to ensure smooth production.

### **Parameter**

- Machine Model: SH-LG2C
- Voltage: AC 380V/220V 50Hz
- Power: 5.4kW
- Filling Speed: About 8-24pcs/min
- Filling Range: 3-20ml
- Filling Pump: Servo Piston Pump
- Filling Accuracy:  $\pm 0.1$ ml
- Feeding Hopper: 20L, SUS304
- Heating Temperature: 0-150°C (optimal operating temperature is 80-120°C)
- Stirring Speed: 0-65r/min
- Material Contact Parts: SUS304
- Air Consumption: 3-6kg/cm<sup>2</sup>
- Machine Size: About 900\*1350\*1900mm
- Machine Weight: About 300kg
- Package Size: About 1170\*1100\*1740mm
- Package Weight: About 348kg
