

Automatic Continuous Plastic Bag Sealing Machine with Coding Printer FR-1000

This sealer can seal plastic films made from various materials, which is widely used in fields of food, medicine, chemicals, daily use and vegetable seeds etc. It is ideal sealing equipment for packing batch products in factories and shops.

This sealer adopting electronic thermostat control unit and step-less speed-regulating transmission mechanism, can seal various plastic film bags made from different materials and can also be equipped with varied packaging production lines. The machine has no limitation on sealing length, characterized by high efficiency in continuous sealing, reliable sealing quality, rational structure and convenient operation etc.

The machine fills the bag with gas before sealing to inflate the bag in order to protect goods during conveyance.

Specifications

Model	FR-1000
Sealing Width	6-12mm
Sealing Length	0~Limitless
Sealing Speed	0-12m/min
Printing category	Steel wheel printing
Conveyor Load	Max. 3.kgs
Temperature Range	0~300°C
Power	750W
Voltage	220V 50HZ/110V 60HZ
Machine size (L x W x H)	1060x640x970mm
Net Weight	35kgs
