

## *Semi-Auto Blow Molding Machine UT-1200A*

Semi-automatic blow molding machine basdesigned by CE standard. With microcomputer controlling system, it controls various technical parameter needed more accurately and more steadily. Only one person without special training operates it more easily and more safely. UT-1200 blow molding machine is fit to blow carbonated beverage bottles, mineral water bottles, cosmetics bottles and hot-filling bottles, especially oil bottles with handles.

## 技术参数 Technical parameter

型号 Model	UT-1200		
成型组规格 MOLDING	合模力 Clamping force	kg	13000
	模具行程 Clamping stroke	mm	155
	拉杆行程 Stretching stroke	mm	370
	底模行程 Bottom Stroke	mm	/
	瓶子间距 Cavity pitch	mm	130
	模穴数 Number of Cavity	Cavities	2
瓶型规格 CONTAINER	瓶子最大容量 Max.container volume	itr	3
	最大瓶口尺寸 Neck diameter range	mm	10-120
	最大瓶子直径 Max.container diameter	mm	130
	最大瓶子高度 Max.container height	mm	350
	坯头数 Carriage unit	pcs	72
产能	OUTPUT	bph	800-1000
电力规格 ELECTRICAL SYSTEM	总耗电量 Total power	kw	17
	加热功率 Heating power	kw	16
	最大加热功率 Max.heating power	kw	8
机台规格 MACHINE	机器尺寸 Machine size	mm	1650-650-1700
	机器重量 Machine weight	kw	600
