

CP50V Small Vertical Cartoning Machine

Applications:

Carton Packer for

Automatic cartoning machine, with function of on line product preparation, carton open and form, product detect, product & leaflet input, batch coder, carton close (or hot melt glue), and auto rejection & finished carton output. Applications: round bottle, blister, food, cosmetic, tube etc. Capacity: 30-50cartons/min

Typical Packaging Application:

- Individual package of commodity
- Connect with weight for packing candy
- Connect with tube filler for packing tube
- Connect with bottle filler for pack bottle

Features:

1. Automatic detect of product & leaflet
2. No Product, No leaflet & Carton
3. Automatic reject carton if no leaflet
4. Auto display trouble, alarm and output
5. Auto product feeder according to sample
6. Adopt human-machine operation system
7. Simple design and low-cost maintenance
8. Auto stop when machine overload
9. Stable performance, convenient operation
10. According to GMP Standard

Technical Dates:

| Model | CP50V |
|-------------------|-------------------------|
| Capacity | 30-50 boxes/min |
| Carton Quality | 300-450g/m ² |
| Carton Length | 60-200mm |
| Carton Width | 20-80mm |
| Carton Height | 20-80mm |
| Air consumption | 200L/min |
| Air Pressure | 0.6-0.8Mpa |
| Voltage | 220V, 50HZ |
| Power Consumption | 1.0KW |
| Overall Dimension | 900*1000*1630mm |
| Net Weight | 450kg |
