

QGQ-YZ Automatic Spray Head Pressure

This machine consist of spay head machine, spay head presser and PLC programmed control. Sort and conveyor of spay head, self compress of spay head and aerosol cans, all can come true. It is excellence in high speed, low noise and high automation.

Technical Parameters:

Can diameter	Φ35-Φ70mm
Can height	105-330mm
Producing speed	45-50cans/min
Power	0.75kw
Max.Exhausting	0.5m ³ /min
