

Fully Automatic Horizontal Form Packaging Machine RML 105Y

Machine Features:

- The machine's internal mechanism and working parts are made of aluminium and stainless steel.
- Control system by PLC high accuracy and adjusting range.
- Compatible with various filling system.
- Simple and user friendly machine.
- Low maintenance and low operating cost.
- Digitally indicating the size of the film, speed of wrapping, output and temperature.
- Material: small granular and powder
- Auto-counting function
- The temperature can be controlled independently. it is suitable for any kinds of packing quality.
- Sealing Mode: Three -Four sides sealing
- Make notch, easy open
- Barcode and expiration date print equipment
- Metallic gray colored and the surfaces of the machine that are in contact with the product are made of stainless.

Optional Equipment:

- Screw Elevator for automatic continuous feeding.
- Product counter and stacking belt conveyor
- Special pattern notch unit
- Line notch unit

- Extra auger and tube group
- Date, serial number coding group - cold print
- Date, serial number coding group - hot print

| Technical Parameters: | | RFMH160L | RFMH250L |
|-----------------------------------|--|--|----------------|
| Sachet Dimension (widthXLeght) | min | 60*60 mm | 80*120 mm |
| | max | 120*160 mm | 160*250 mm |
| Production Capacity (sachet/min) | | 80 sachets/min | 50 sachets/min |
| Weight | | 800 kg | |
| Electrical Data | | 2 KW/h 220/380 Volt, 50/60 Hz | |
| Packing Metarial | | Aluminum Foil, OPP+OPP, OPP+PE, Metallised+AL+PE | |
| Air requirement | | 5 atu, 100Lt/min | |
| Dimensions | | L: 3,00 cm x W:1,00 cm xH: 2,50 cm | |
| Colour | Metallic gray coloured and the surfaces of the machine that are in contact with the product are made of stainless. | | |
