

D-12T Pyramid Filter Tea Bag Packaging Machines

Applications:

Automatically packing green tea, black tea, flower tea, health tea, herb tea, granules (blended tea) etc

Features:

1. One-button can switch functions between three sides sealing
2. And triangle teabag seal packing.
3. Packaging capacity: 2000~3000 bags/h (Determined by packing material)
4. Applicable packing materials: Nylon film with thread and tag.
5. Electronic scale metering can be collocated according to the material attribute.
6. Sensitive touch Interface, PLC control, Servo motor and whole setting functions
7. Operating flexibility through optional adjustment of technical parameters
8. Main motor overload safety device
9. Automatic adjustment device of packing material tension

ITEMS	CONTENTS
CAPACITY	40-60 bags/Min (Determined by packing material)
FILLING PRECISION	≤±2% (Determined by packing material)
BAG SIZE	60-80 (W) *40-80 (L) mm
PACKING FILM	120mm , 140mm, 160mm
SEALING TYPE	Pyramid bag or flat bag
FILLING RANGE	2-10ml
FILM THICKNESS	0.04-0.06mm
PACKING MATERIAL	Nylon, Polyester net non-woven fabrics, ultrasonic sealing materials
TOTAL POWER	2.2Kw
VOLTAGE	单相220V50HZ Single phase220V50HZ
AIR COMPRESSOR	≥0.6Mpa
AIR CONSUMPTION	0.6Mpa 0.4m3/min
ROLLED OUTER DIAMETER	≤400mm
DIMENSION	870*1100*1700mm
DIMENSION OF WOODEN CASE	1180*950*1710mm
