

C16 Special Automatic Inner and Outer Tea Bag Packing Machine

It is suitable for double bag packing of small granular products, such as tea leaves, medicinal tea, health care tea and herbs tea, etc.

Features:

1. This machine is an automatic multi-function teabag packing machine equipment with a new heat sealing type.
2. The inner and outer bag making is finished at the same time, avoid direct contact with the packing material and improve work efficiency. Inner bag is made of filter paper, and outer bag is made of composite paper.
3. The biggest advantage: Packing capacity, the size of inner and outer bag can be easily adjusted according to different requirements in order to achieve the best packing results, improving product appearance and enhancing the value of the product
