

## *Vertical Packing Machine CP-320B*

As a typical automatic multi-function food bag packaging machine, the vertical packing machine can work with different measuring and filling head, widely suit for automatic packing of popped food, fruit, candy, biscuit, deep frozen food, melon seeds, roasted nuts, pips and other granule materials.

### **Main performance and functional characteristics:**

1. Equipped with safety protection, conform to firm's safety management requires.
2. Use intelligent temperature controlling machine to have accurate temperature control, ensure the artistic and neat seal.
3. Use PLC control servo electrical double-pull or single pull membrane structure, super touch screen structure drives the control center; maximize the whole machine's control precision, reliability and intelligent zed level.
4. This machine completes the whole packing procedure of measuring, loading materials, bagging, date printing, charging(exhausting) and products transporting automatically as well as counting.
5. Have error indicating system, helping handle the trouble immediately
6. Make block bags and hanging bags according to customer's different requires.

## Production Specification:

Model	CP320B (Tight machine)
Capacity	Max65bags/min
Measuring range	Max 800ml
Bag model	Pillow bag
Bag size	L 50-200mm W50-150mm
Film Width	Max320mm
Film pulling	Single belt by servo motor( also, dual belts if the user needs)
Control	PLC + Chinese/English interface
Air consumption	0.8Mps, 0.25m <sup>3</sup> /min
Power	1Phase,50Hz ,AC 220V, /2.2KW
Optional	Top hanging Hole Punching, Air exhausting, Gusset bag, Nitrogen charging
Dimension	L1100xW805xH1100mm
Weight	330kg
