

Jinan Automatic Packaging Machine for Food GQK-420

Application:

- Suitable for many kinds of measuring equipment, and package different kinds of products
- Technical characteristics of packaging machinery
- PLC control with stable, reliable biaxial high accuracy output and color touch screen, bag-making, measuring, filling, printing, cutting, and finished in one operation.
- It's much nicety for box-packing bag.
- Servo motors control the carrying film, high precision orientation, size more nicety.
- External film releasing mechanism: simple and easy installation of packing film.
- The process of vertical sealing can adjust the volume deviation automatically, greatly reduce labor intensity.
- Stand bag with burns edges, 4sides seal edges, novelty and slap-up, it's the mainstream bag shape

Technical parameters

Bag length	60-300mm(L)
Bag width	50-200mm(W)
Max width of roll film	420mm
packing material	OPP/OPP, OPP/PE, PET/PE
Packing speed	5-70 bag/min
Measuring range	50-1000ml
Air consumption	0.8mpa
Gas consumption	0.5m ³ /min
Power voltage	220VAC/50HZ
Power	2.2KW
Dimension	(L)13mm×(w)920mm×(H)1390mm
Deadweight of machine	450kg
