

Candy Packing Machine RUN-250/350/450/600

Automatic Horizontal Pillow Packing Machine for Bread / Biscuit / Commodity

Main performance and structure features

1. Panasonic double transducer control, flexible bag length cutting. Save time and film.
2. 7inch touch screen, easy operation and multiple language for choice.
3. Imported PLC system, machine performance is stable, convenient for parameters adjusting.
4. Self diagnosis failure function, machine error can be clearly displayed.
5. Separate PID temperature controller, suitable for various packing materials
6. High sensitivity optical photocell for eye mark tracking, digital input for cutting position.
7. Position stop function, no adhesive and no waste of membrane and protect cutting jaws.
8. Simple driving system, stable performance and convenient maintenance.
9. According to product, the input conveyor can use pusher, belt or film for transportation.

Application:

Applying to the packing of various kinds of items with regular shape in many industries, like food, hardware, medical products, daily use products, stationary, toys, hotel supplies, electric products etc.

Technical Parameters:

Model	RUN-250	RUN-350	RUN-450	RUN-600
Film width	Max.250mm	Max.350mm	Max.450mm	Max.600mm
Bag length	30-110 or 90-220mm	90-220 or 150-330mm	180-440mm	130-450mm
Bag width	30-110mm	50-160mm	50-190mm	110-280mm
Product height	Max.55mm	Max.70mm	Max.90mm	Max.100mm
Packing speed	30-230 bag/min	30-200 bag/min	30-180 bag/min	30-150 bag/min
Power supply	220V 50/60Hz	220V 50/60Hz	220V 50/60Hz	220V 50/60Hz
