

Popcorn Filling Machine TH-G-300/TH-G-420

The popcorn filling machine is with function of automatic filling, film forming and making bags, sealing and cutting, date coding etc. Suit for packing dry granule item like seed, popcorn, rice and grain, salt & sugar, peanut, sachet washing powder etc.

Popcorn filling machine features

1. This popcorn filling machine can finish the process like conveying bag, bag making, filling, weighing, sealing, cutting, counting etc.
2. PLC control and touch screen display screen control system, stainless steel cabinet. Set up the required data (include filling, weighing, bag size, etc) in the visible settings, the control system automatic optimization match with all the program so that achieve the best packing speed precisely.
3. Stepper Motor control, this system has the advantage of precise, needless to adjust the other parts.
4. This popcorn filling machine has color system controller, so that can get the complete trade mark design.
5. Suitable for the complex film and tin foil and other packing material. Fine packaging performance, low noise, clear sealing texture and strong sealing performance.
6. Mitsubishi PLC control, customize details according customer's requirement

Technical Parameter:

Machine model	Th-G-300	TH-G-420
Bag shape	pillow bag/stick sachet/3 side sealing/4 side sealing	
Packing speed	10-60bags/min	10-60bags/min
packing capacity	1-300g	1-50g
Roll thickness	0.05-0.15mm	
Roll diameter	Max:300mm	
Roll width	30-320mm	30-420mm
Bag width	50-150mm	30-100mm
Bag length	40-200mm	30-150mm
Powder	220V/50HZ/1.2KW	220V/50HZ/1.4KW
Additional configuration	Coding printer/Gas-filled device/Bag connecting device/punch device/Easy to tear gap device
