

MPC-S carton seal labeling machine

You can buy good quality MPC-S carton seal labeling machine, we are the best distributor from China market.

Description:

Introduction:

Dedicated to corner label, box on the box surface and side corner label, prevent apart. Mainly used in poker, electronics packaging tamper tag labeling.

Features:

1. Apply labels: the non-drying label, dry film, electronic supervision code, bar code, etc.
2. Applicable products: all kinds of paper boxes, such as poker box, mobile phone boxes, etc.
3. Application industry: widely used in printing, food, cosmetic, electronic, pharmaceutical and other industries.
4. Application: nestle tamper label box, poker box tamper label, card box tamper label.

The working principle:

Core principle: sensors detect the product after, back to the signal to the labeling control system, in the appropriate position control system to control the motor sent out labels and attached with a stay in product labeling position, products through the standard brush, label by brush, a label attached.

Technical Parameters:

1. Mixer applicable product size (length x width x height/thickness): length: 20 mm to 300 mm
width: 20 mm to 200 mm height: 10 mm to 100 mm
2. Labeling accuracy (mm): + / - 0.5 mm
3. Labeling speed (PCS/min): 150 ~ 320 PCS/min
4. Power (W): 1.5kw
5. Mixer device dimension (mm) (length x width x height): 1700 * 650 * 650
6. Pressure (Mpa): 0.4 ~ 0.6 Mpa
