

## XT-100 Vertical Round Bottle Fixed-Point Labeling Machine

### Feature:

- 1) Applicable to high-precision whole curved surface, the obverse, reverse sides (double-labeling) and fix-point labeling on rotundities as well as tapered ones from medicine, food, daily use chemical and other industries;
- 2) Advanced touch human-computer interface which is easy and intuitionistic to operate and has complete functions including abundant online help;
- 3) Unique three-point fix to bottle body, avoiding labeling it on the skew due to the irregular bottom or the bottle body out of plumb when uses a straight line labeling machine, which ensures a precise, artistic and close-knit labeling work;
- 4) Automatic photoelectric detection functions, such as cancelling labeling without objects there, stopping running or raising an alarm without labels to use to avoid omitting or wasting labels;
- 5) Simple and compact machine construction that is easy to operate and maintain.

### Technical parameter:

Model	XT-100
Labeling speed	20-40 pcs/min
Labeling accuracy	±1.0mm(material and label sizes are not counted in)
Label size	L) 20-300mm (H) 10-144mm
Material size	φ40-φ100mm (H) 30-200mm
Roll inside	φ76mm
Roll outer side diameter	(Max)Φ350mm
Machine size	(L) 2000* (W) 1050* (H) 1600(mm)
Power supply	AC220V 50Hz/60Hz 1500W
Working pressure	Working pressure
