

# WP-480Y/680Y/880Y/1080Y Automatic Packing Sachet Water/Milk

The liquid packaging machine is a high-efficiency, high-quality packaging machine that is widely used in the packaging of food, medicine, cosmetics, etc.

The Automatic Packaging Water Packing Sachet Milk is a state-of-the-art machine that is designed to automatically package liquids. This machine can easily package liquids such as milk, water, and other beverages. The packaging process is fully automated, which means that it is very easy to use and requires less human intervention. The machine is equipped with advanced technology that enables the user to produce sachets of different sizes and shapes.

## Features

The machine offers high efficiency and accuracy in packaging and sealing liquid products. It is also equipped with advanced technology, such as programmable logic controllers (PLC), touch screens, and photocell detection to facilitate a reliable and user-friendly operation.

## Technical Parameters

Model	WP-480Y	WP-680Y
Capacity	40-50cycles per min	40-50cycles per min
Dosage	1-30g/30-70g	1-30g/30-70g
Size	(L)30-160mm(W)25-100mm	(L)30-160mm(W)25-100mm
Power	2700W	3300W
Weight	350kg	450kg
Dimension(L*W*H)	1100*1050*2100mm	1200*1100*2350mm

Model	WP-880Y	WP-1080Y
Capacity	40-50cycles per min	40-50cycles per min
Dosage	1-30g/30-70g	1-30g/30-70g
Size	(L)30-160mm(W)25-100mm	(L)30-160mm(W)25-100mm
Power	3500W	4000W
Weight	550kg	650kg
Dimension(L*W*H)	1300*1200*2450mm	1400*1300*2550mm
