

## ***CPTLWM - 120 High Speed Linear Bottle Bashing***

Chamunda Pharma Tech is a leading designer and producer of High Speed Linear Bottle Washing Machines in Ahmedabad. We regularly offer our products to clients belonging to the pharmaceutical industry and food and beverages industry. Here at Chamunda Pharma Tech, we focus on creating an automatic loading arrangement which effectively facilitates automated loading of the bottles on the SS wire mesh conveyors through the feed conveyor. The bottles are manually pushed from the feed table.
