

## *ZL900 Automatic Paste/Sauce Filling Packaging Machine*

This machine unit are special design for packing small sauce product like ketch up, chili sauce, Fish meal and so on. The machine can automatic make the bag, weighing the product, filling product in to bag and then output the conveyor. The whole machine are control by PLC and can operate on Touch screen. Easy for adjusting and maintain.

### **Technical parameter:**

Bag type	Pillow bag
Maximum Capacity	up to 20 kilograms
Minimum Capacity	5kg
Speed	3-5 bag/min depend on the product
Weighing accuracy	±0.5-1% dependent on products characteristics
Bag Length	400 to 700mm
Bag Width	200-430mm
Reel Film Width	≤900mm
Film thickness	(80-150mic.)
Reel Outer Dia.	600mm
Reel Inner Dia.	75mm
Voltage	AC380V/50-60Hz, 3phase
Compressed Air Requirement	0.8 MPa0.36 M3min
Total powder Consumption	15kw
