## *SH-TB770 Small Tapered Bucket Fertilizers Mudpack Hair Mask Oil Paint Labeler Applicator Labeling Machine For Sealants*

### **Main Feature**

- ▶ Designed for sticking labels on bucket covers and bucket body, machine is suitable for single side, double sides and wrap-around labeling
- ▶ Equipped with PLC touch screen control panel, the customizable interface is more user-friendly, it shows machine working status more clearly.
- ▶ It can work with automatic filling and capping machine to finish complete packaging production.
- ▶ Applicable for labeling tapered products like buckets, plastic cups.

### **Parameter**

- Power Supply: AC110V/220V 50Hz/60Hz 5000W
- Labeling Capacity(bottles/min): 25-30 bottles/min (depends on bottle size)
- Labeling Accuracy(mm):  $\pm 1.0$ mm
- Suitable Bottle Diameter:  $\Phi 25-100$ mm
- Label Size(mm): (L)20mm-285mm\* (H)20-150mm
- Roll inside Diameter(mm):  $\Phi 76$ mm
- Roll outside Diameter(mm):  $\Phi 280$ mm
- Conveyor Size: 100\*2380mm(W)
- Machine Size: About 2550\*1080\*1590mm
- Net Weight: About 378kg
- Package Size: About 2550\*1140\*1685mm
- Gross Weight: 523kg
