

## *Automatic 4 Heads Magnetic Pump Care Solution Eyedrops Juice Essential Oil Liquid Filling Machine*

This automatic magnetic pump filling machine can fill liquid accurately. The filling speed of each nozzle can be controlled separately. The operation program is simple and this is good for debug the machine before using it, good for new hands. This machine is suitable for filling essential oil, eyedrops, ink etc.

### **Main Feature**

- ▶ Equipped with 316 stainless steel magnetic pump, it is good for weakly corrosive liquid.
- ▶ Multiple filling nozzle can be customized as production need.
- ▶ It can work with automatic capping and labeling machine to realize automated production.

### **Parameter**

- Power supply: 220V-50HZ/110V-60HZ
- Machine power: 2000W
- Container size:  $\phi$ 20-160mm H30-300mm
- Max flow rate: 6L/min 7.5L/min 12L/min(can be chosen)
- Material of pump: 316stainless steel
- Filling accuracy:  $\pm 1\%$  ( based on filling material)
- Filling speed: 20-50pcs/min (depending on filling volume)
- Size of air compressor connector: OD8mm
- Packing weight: About 150kg
- Packing size: About 2000\*820\*1580mm
