

## ***Manual Tabletop Sticker Round Bottle Labeling Machine HL-T-200***

Can be used for a variety of cylindrical object labeling, such as xylitol, cosmetics round bottles, equipped with a full surround / half-surround labeling function; Can be equipped with ribbon coding machine and inkjet printer.

It can print the batch number and other information while labeling.

Applicable label: Self-adhesive label, self-adhesive film, electronic supervision code, bar code and so on;

Application industry: Widely used in food, pharmaceutical, cosmetic, electronic hardware, plastics and other industries;

Application example: Round bottle of oral liquid labeling, vial labeling, xylitol labeling, shampoo bottle labeling, the small taper cosmetic bottle labeling and so on.

## Technical Parameter:

Model	HL-T-200
Labeling Accuracy	±0.5mm
Labeling Speed	15-35pcs/min
Applicable Dimensions	φ15mm~φ380mm
Applicable Labe Size	Width:10-160mm
Power Supply	220V/50HZ
Weight	35KG
Machine Size (LxWxH)	920*420*500mm
Delivery Time	10-15 Days
Type	Manufacture, Factory, Supplier
Packaging	Wooden box
Shipping Method	Sea,Air and Express
Payment Term	L/C, T/T, Money Graml etc

## Characteristics of Function:

Ribbon coding machine and printer, and print production batch labeling information, reduce packaging process, improve production efficiency.

1. Safe: be in line with GMP production requirements.
2. Durable: high quality materials in famous brand such as PLC whose brand is Japanese Panasonic.
3. Good labeling effect: without distortion, wrinkles or bubbles.
4. Efficient: five times of manual labeling.
5. Easy to use: be able to operate after watching teaching video and reading instruction book.

It's widely used in many fields such as food industry, beverage industry, daily chemical industry, wine industry, pesticide industry, pharmaceutical industry and so on.
