

GZJ-QZ Automatic Powder Sachet Packing Machine

Features:

1. Control system with Chinese, English and Russian display screen, stainless steel body, after the parameters (filling amount and length of bag) are set at the display setting unit, the control system will automatically optimize and match the actions, thus achieving best packaging speed.
2. Reliable and stable dual light source photoelectric check system, assuring complete logo of the packaging bags.
3. Controlled by intelligent temperature controller, automatic measuring, bag making, filling, sealing, lot number printing, cutting and counting; applying 3-side sealing, sandwich double side heating or 4-side sealing heating mode.

Scope of application:

This machine is widely applied for food, pharmaceutical and chemical products in mesh size range from 120-400, such as milk powder, soya powder, cosmetic powder, slimming tea, medical powder etc.

Technical specifications:

Capacity	40-60bag s/min
Range of measurement	40-60bag s/min
Bag size	(L)50-120mm (W)40-100mm
Power	1200W
Net weight	220kg
Source voltage	380V,220V
Dimension	(L) 625×(W)750×(H)1550mm
Packing material	Paper/pet, pet/al, foil/pe, Nylon/pet/fitring paper etc.
