

Automatic Liquid Filling Sealing Machine JND-1

packing products

packing products

Applications:

J&D automatic liquid packer is widely used for various kinds of liquid package, such as milk, water, juice, drink, ice bag drinks, soy sauce, vinegar, yellow rice wine and beancurd, etc, using single-layer PE film or two-layer or three-layer co-extrusion film as packing materials.

Technical parameters:

Model	JND-1	JND-2	JND-1ZF	JND-2ZF
Film width (mm)	100-320	100-380	150-320	150-380
Filling Capacity (bags/h)	1500-2000	1100-1300	1100-1300	1100-1300
Production efficiency(ml)	50-500	200-100	50-500	200-1000
Voltage	220V-380V 50HZ-60HZ	220V-380V 50HZ-60HZ	220V-380V 50HZ-60HZ	220V-380V 50HZ-60HZ
Power	1.6KW	2.5KW	2.1KW	2.5KW
Weight	275KG	380KG	370KG	380KG
Overall dimension(mm)	880*760*1800	1050*850*2050	880*760*1800	1050*850*2050
