

C18DX Tea Sachet Packing Machine with Tag, Line (4 Head Weigher)

It is suitable for inner and outer bag packing of small granular products, such as tea leaves, medicinal tea and health care tea, etc.

Features:

1. This machine is an automatic multi functional tea packaging equipment with a new heat sealing type. The inner and outer bag is formed at the same time, avoid your direct contact with the packing material and improve working efficiency.
2. Inner bag is made of filter paper with thread and tag attached, and outer bag is made of composite paper.
3. The biggest advantage is: tag attaching and outer bag making can adopt photoelectric positioning.
4. Packing capacity, inner bag and outer bag size can be easily adjusted according to different requirements in order to achieve the best packaging results, improve product appearance and enhance the value of the product.
5. The machine has two optional discharge modes: by volumetric cup and by electronic weighers.
