

Multi Lane Powder Stick Packing Machine LD-P4L/P6L/P8L/P10L

Application:

Suitable for many kinds of powder products, such as coffee powder, milk powder, spice powder, seasoning powder, etc.

Kindly Reminder:

We have experienced team of R & D engineers who can customize packaging solutions according to your product characteristics.

Description:

- Multi lanes machine can produce multi lanes bags at same time.
- Machine main function: automatic split film at right position, liquid measuring and filling, multi lanes bag form fill seal, cutting, sensor tracking, counting capacity.
- Other function: Emergency stop, set capacity to auto stop machine, count capacity and Zero the count, ready bag output, manual test machine each step etc.
- Stainless steel contact part and the machine outer shell, high feature for liquid running environment.
- High precision photocell sensor for auto tracking the eye mark printing on the film roll, so cut each bag at precisely position.
- PLC controller, high function and control the whole machine's work steps.

Parameter:

Model	LD-P4L	LD-P6L	LD-P8L	LD-P10L
Lane Number	4 lanes	6 lanes	8 lanes	10 lanes
Bag Width	16-90mm	16-60mm	16-45mm	16-35mm
Bag Length	40-165mm			
Packing Speed	30-50 Bags/Min/Lane			
Control System	PLC + Servo + Touch Screen			
Cutting Type	1.Flat Cutting, 2.Zigzag Cutting, 3.Continuous Cutting, 4.Customized Special Shap Cutting			
Optional device	Date Coder, Air-filling Device, Tear Notch Device
