

Super Big Linear Weigher CBW-1B2(500)

Super big linear weigher was special designed for weighing small regular shape products such as sugar, salt, seed, rice, sesame, glutamate, milk powder, coffee powder and seasoning powder, etc.

Super big linear weigher has technical features:

- ◆ High precision digital load cell.
- ◆ Controlled through industrial control panel with extremely powerful processor.
- ◆ Multilanguage choice (Translation is needed for some specific language).
- ◆ Different authority management.
- ◆ Weighing mix different products at one discharge.
- ◆ Parameters can be freely adjusted during running condition.
- ◆ New generation design, each actuator boards can exchange with each other.
- ◆ Intelligent malfunction alarm can help user troubleshoot problems quickly.
- ◆ Weigh hopper opening/closing controlled by step motors.
- ◆ Feeding by screw makes feeding more effectively and stable.

Technical Specification

| Model | CBW-1B2(500) |
|---------------------------|------------------------|
| Single Weighing range (g) | 1-30kg |
| Avg. Accuracy (g) | 1~100g |
| Production speed (wpm) | 1-10 |
| Touch Screen | 7inch |
| Hoppers Volume | 50L |
| Material | 304#SS |
| Driving system | Step Motor |
| Preset Programs | 50 |
| Max. Mix-Products | 2 |
| Power | AC220V ±10% 50Hz(60Hz) |
| Control system | Modular control system |
