

Four Head Linear Weigher MK-AX4-2-1

The four head linear weigher is equipped with four heads for the synchronous weighing of 4 different materials and each hopper features a weighing range of 20-2000g. By pairing with packaging machines, this linear weigher is capable of packaging mixed materials with four components. It is simple to change products and target weight. Due to quick changeover, the four head linear weigher is ideal for the packaging of uniform granule mixtures with different weights and components.

Features:

- Stepless vibration feeding system ensures a smoother product flow;
- Program is adjustable depending on production conditions;
- 304 stainless steel guarantees food hygiene and safety.

Technical Parameters:

- Model: MK-AX4-2-1;
- Weighing range: 20-2000g;
- Weighing accuracy: $\pm 1-3g$;
- Max speed: 60bags/min;
- Bucket volume: 3000ml;
- Recipe number: 20;
- Mixture components: 4;
- Power: 220V/800W/50/60Hz/8A;
- Size: L85*W800*H1050.
