

Automatic sugar packing machine KL-420-K

Automatic sugar packing machine stick sachet is widely used for granulated sugar, brown sugar, white sugar, sweetener, 3 in 1 coffee, salt, rice, washing powder, desiccant, silica gel, medical and chemical granule/grain candy packing quantitative packaging.

Features:

- Multi lanes machine can produce multi lanes bags at same time.
- Machine main function: automatic split film at right position, liquid measuring and filling, multi lanes bag form fill seal, cutting, sensor tracking, counting capacity.
- Other function: Emergency stop, set capacity to auto stop machine, count capacity and Zero the count, ready bag output, manual test machine each step etc.

- Stainless steel contact part and the machine outer shell, high feature for liquid running environment.
- High precision photocell sensor for auto tracking the eye mark printing on the film roll, so cut each bag at precisely position.
- PLC controller, high function and control the whole machine's work steps.

Technical Parameters:

Model	KL-420-4K	KL-420-6K
Bag length	30-140mm	30-140mm
Bag width	10-50mm (w)	10-32mm(w)
Max width of roll film	440 mm	440 mm
Packing speed	30-50 bags/ min/ lane	30-50 bags/ min/ lane
Air consumption	0.65 Mpa	0.65 Mpa
Gas consumption	0.2 cubic meter/ min	0.2 cubic meter/ min
Power voltage	220 VAC/ 50 Hz	220 VAC/ 50 Hz
Power	2.0 KW	2.2 KW
Dimensions(L*W*H) mm	1100*990*2100	1100*990*2100
weight	400 kg	450 kg
