

DTG-60A Automatic Tube Filling and Sealing Machine

Features

- Original Swiss LEISIER heater is adopted to get more steady and reliable sealing.
- Anti-drop filling nozzle which makes sure a firm sealing effect.
- Machine can stop automatically when the door is open during production.
- Mechanical driving system cam design makes the product speed high.

Technical Parameters:

Power	220V/50HZ
Tube dia	13mm-40mm,40mm-50mm
Rate	4.5kw
Air pressure	0.6-0.7Mpa
Filling speed	40pcs-60pcs/min
Filling precision	±1%
Size	1900*1000*1800mm
Weight	800kg
