

## *RZ8-240E Premade Pouch Packing Machine*

Introducing the RZ8-240E Premade Pouch Packing Machine, a top choice for businesses seeking to optimize their packaging operations with precision and ease. Equipped with an advanced PLC control system, this machine ensures accurate and consistent performance. The RZ8-240E Premade Pouch Packing Machine also features an intuitive human-machine interface, allowing operators to easily adjust settings and manage the entire packaging process efficiently.

### **Advanced Features of the RZ8-240E Premade Pouch Packing Machine**

Equipped with state-of-the-art technology, the RZ8-240E Premade Pouch Packing Machine offers data recording capabilities, enabling users to monitor and analyze production data. This feature is crucial for improving efficiency and quality control. The RZ8-240E Premade Pouch Packing Machine ensures that businesses can keep a close eye on their packaging operations, making it easier to identify areas for improvement and maintain high standards of production.

### **Safety and Reliability with the RZ8-240E Premade Pouch Packing Machine**

Safety and reliability are at the forefront of the RZ8-240E's design. The machine is equipped with essential safety features, such as fault alarms, safety doors, and a No Bag No Fill No Seal system, all of which contribute to secure and uninterrupted operation. These elements ensure secure and uninterrupted operation, making the RZ8-240E Premade Pouch Packing Machine a reliable choice for any packaging line. Additionally, the groove cam and automatic sealing components of the RZ8-240E Premade Pouch Packing Machine further enhance productivity by simplifying the packaging process.

## RZ8-240E Pre-made Bag Packaging Machine with Multiple Functions

The RZ8-240E Premade Pouch Packing Machine also boasts a variety of key features that elevate its functionality, including a pouch magazine, ribbon printer, wiping and rinsing structures, an automatic lubrication system, and an empty pouch recycling function. These elements not only make the machine user-friendly and easy to maintain but also significantly boost the overall efficiency and reliability of your packaging line.

By choosing the RZ8-240E Premade Pouch Packing Machine, businesses can streamline their packaging operations with a dependable and advanced solution. The machine's combination of precision, safety, and user-friendly features makes the RZ8-240E Premade Pouch Packing Machine an ideal investment for companies looking to enhance their packaging processes and achieve consistent, high-quality results.

### Main Specification

Model	RZ8-240E Premade Pouch Packing Machine
Bag Size	W: 80-240 mm; L: 150-370 mm
Filling Range	≤1500 g
Packing Speed	≤ 60 bags/min (depending on products and bags materials)
Weight	1500 kg
Dimensions (L*W*H)	1860 mm*1520 mm*1550 mm
Total Power	3.02 kw
Driving Power Source	380 V three-phase five line 50 HZ (other power can be customized)
Compress Air Requirement	≥ 0.4m³/min (Compressed air is provided by the customer)
