

JT-220 Top and Bottom Labeling Machine

This machine is suitable for double-sided labeling of flat products, such as paper boxes, dried fruit boxes, CD boxes, square bottles, etc. It can be produced online or operated independently.

Characteristic:

1. PLC combined with human-machine interface, intuitive operation, simple and clear
2. The entire machine is made of stainless steel and aluminum alloy, which are rust free and comply with GMP requirements.
3. This machine has functions such as bottle alignment, fitting, label smoothing, counting, etc
4. The position of the label can be adjusted.
5. Can be connected to conveyor belts for use on production lines.
6. Various special models can be customized according to customer requirements.

Technical Specifications:

1. Power supply: 110V/220V, 50/60Hz, 600W
2. Labeling speed: 0-25 meters/minute
3. Labeling accuracy: ± 1 mm (excluding errors between the object being labeled and the label itself)
4. Product width: 10-200mm, (special sizes can be customized)
5. Label width: 10-120 (special sizes can be customized for specific models)
6. Label roll diameter: inner diameter of paper roll 76mm, outer diameter (maximum) 360mm
7. Machine dimensions: length * width * height=2000 * 850 * 1550mm
