

JFX-055E Automatic Folding and Sealing Machine

Features

- The top and back covers of the cardboard box are automatically folded in, and can be quickly flattened without folding corners
- Side belt drive, heavy load, easy to operate
- Connect the assembly line for unmanned operations.

Equipment specifications:

- Conveyor speed: 22M/min
- Sealing length: 200-600mm
- Sealing width: 200-500mm
- Sealing height: 200-500mm
- Use tape: 48mm, 60mm
- Table height: 600-750mm
- Sealing speed: 700-1200 boxes/hour
- Power supply: 220V 50/60HZ
- Applicable gas source: 2/3 Litres at bors 5-6kg/m² 150Ne/min
- Total power: 360W
- Equipment features:
- Packaging size: L2040 × W1100 × H1520mm
- Equipment weight: 205 kg
