

SH-TB260RA Honey Chutneys Peanut Butter Fruit Preserve Pickle Round Glass Jar Tamper-proof Bottle Labeling Machine

Designed for labeling stickers on bottle body & caps, this machine is suitable for round bottles and can add date coder to printing production date. It is widely used in jam or hot sauce packaging

Main Feature

- ▶ Equipped with PLC touch screen control panel, the customizable interface is more user-friendly, it shows machine working status more clearly.
- ▶ Designed for the tamper-proof sticker labeling, machine can be customized as needed.
- ▶ Made of high quality machine component like Siemens, Coreken, machine works stably and not hard to find the machine component in local market.
- ▶ It can work with high speed filling and capping machine to finish complete packaging production.

Parameter

- Model: SH-TB260RA
- Power supply: AC220V 50Hz/60Hz 1200W
- Labeling capacity(bottles/min): 20-70 bottles/min(depends on bottle size)
- Suitable Bottle Diameter: Φ 30-120mm H=30-200mm
- Label size(mm): (H)12-150mm(Can be customized to 200mm)
- Roll inside diameter(mm): Φ 76mm
- Roll outside diameter(mm): Φ 300mm
- Conveyor Size: 112*2000mm(W)
- Machine size: About (L)2000*(W)1000*(H)1360(mm)
- Machine weight: About 200kg
