

Automatic 4 Heads Syrup Peristaltic Pump Essential Oil Eyedrops Bottle Filler Liquid Filling Machine

Equipped with peristaltic pump, the liquid will not pass through the pump during filling work, this can ensure the production quality. Multiple filling nozzles of this machine can be customized according to production need. Each filling nozzle can be controlled separately, so it is suitable for various fragrant/color liquid like ink, perfume.

Main Feature

- ▶ Full automatic and high working efficiency, can fill 50 bottles/min at max.
- ▶ Filling time and output are adjustable, the liquid will not pass through pump during working.
- ▶ Suitable for water, cosmetics, milk, wine, eye wash etc.

Parameter

- Container size: ϕ 20-160mm H 30-300mm
- Filling range: 3-4000ml (We also have 3-2500ml and 10-12000ml)
- Max flow rate: 4000ml/min for each nozzle (based on water)
- Filling accuracy: $\leq \pm 1\%$ (for water)
- Filling speed: 30-50 pcs/ min (depending on bottles and filling liquid)
- Power supply: 220V-50HZ/110V-60HZ
- The pump power: 60W (For Each Nozzle)
- Packing weight: 150Kg
- Packing size: 2030*820*1570mm
