

SH-PL240YX Automatic Vertical Form Fabric Softener Facial Essence Bottle Shaped Sachet Bag Liquid Filling Sealing Machine

Main Feature

- ▶ This packaging machine is designed for filling liquid into small sachets.
- ▶ The filling pump can be customized according to your production needs. (Magnetic Pump/Piston Pump)
- ▶ Machine offers precise PID temperature control, sealing temperature can be adjusted according to the type of film.

Parameter

- Machine model: SH-PL240YX
- Power supply: 110/220V 50-60HZ 2KW
- Filling pump: Magnetic pump/Piston Pump(Optional)
- Filling range: 1-50 ml (Customizable)
- Packaging form: Customized bottle shaped sachets
- Package film material: PET/VMPET/PE/PA/AL(80-120 μ m)
- Bag size: (L) 40-160 mm*(W)20-110mm(Customizable)
- Packaging speed: 30-60 bags/minute (depending on the actual material)
- Machine Size: About 780*750*1800 mm(L*W*H)
- Machine Weight: About 300kg
- Package Size: About 920*1080*1970mm
- Package Weight: About 375kg
