

## *SH-MCQ520 Full Automatic VFFS Volumetric Cup Granule Grain Beans Nuts Pouch Bagging Filling Sealing Packing Machine*

### **Main Feature**

- ▶ Uses adjustable volumetric cups for precise and stable measurement of granular products, ensuring reliable performance.
- ▶ With servo film pulling system to ensure smooth film feeding and precise positioning.
- ▶ Equipped with a Z-type bucket elevator for continuous feeding, improving efficiency.
- ▶ Independent temperature control for vertical and horizontal sealing ensures strong and consistent sealing quality.

### **Parameter**

- Model: SH-MCQ520
- Power Supply: 220/380V 50-60HZ
- Power: 3 kW
- Air consumption: 0.8ps 0.3m<sup>3</sup>/min
- Sealing Method: Back side sealing
- Measurement Range: Customizable
- Bag Size: 80-350mm(L)\*70-250mm(W)
- Roll Film Width: 160\*520mm
- Film Thickness: 0.04-0.09mm
- Packing Speed: 30-60 packs/min
- Machine Size: About 1160\*4050(3000+1050)mm\*3200mm(L\*W\*H)
- Packing Weight: About 480 kg
