

EASY PRINT

Automatic Soft Tube Labeling Machine with Registration ALM-42900

Advantage:

1. Automatic Feeding, Fix position (registration), labeling, downloading.
2. High precision cam indexing drive: reliable, maintenance free, and precise position of tubes.
3. Label adapting roll of carefully defined material elasticity, and precisely adjustable pressure – ensure firm label adaptation and eliminate air bubbles effectively
4. User-friendly touch screen operation panel: Simple operation, comprehensive functions, online help, parameter memory, alerts, and Chinese or English menus.

Specification:

1. Label width: 20-200mm
2. Label length: 20-320mm
3. Products Diameter: ϕ 8mm - ϕ 100mm
4. Products Height: 10mm -200mm
5. Max Outside diameter of label roll: ϕ 280mm
6. Inside diameter of label roll: ϕ 76mm
7. Max Labeling speed: 80 - 150 pcs /min
8. Accuracy of labeling: \pm 0.5-1mm
9. Power: 110V/220V 50/60Hz 2kw
10. Air Pressure: 0.4-0.6 mpa
