

GZJ-QZ-II Full-Automatic Liquid Packing Machine

Feature:

Automatically measuring volume, making bags, filling, sealing, cutting, printing the lot number and cutting easy tearing notch.

The machine is automatic, bag-forming, counting, filling, sealing, and bag cutting.

Technical Parameter:

Model	GZJ-QZ-II
Range of measure	0-80ml
Measuring Method	Dosage pump
Bag size	L40-180mm W20-110mm
Capacity	30-120 bags/min(max)
Control mode	PLC or Manual control system
Case of machine	Spray painting / Stainless steel
Power	Power 3.5 KW
Power supply	AC 380V 50Hz / AC 220V 50Hz
Weight (Kg)	N.W.: 550 G.W.: 580
Dimension(mm)	1400*1000*1800
Material of bag/Film	Paper/polyethylenecellophane/polyethylene
	plated aluminum/polyethyleneBOPP/polyethylene
	nylon/polyethylene
Sealing style	3-side seal / 4-side seal
