

Vertical Box Cartoning Machine XQ-50

Automatic carton forming packing machine for Pharmaceutical industry, food industry, cosmetics industry etc.

Function & Features

1. 304 stainless steel casing.
2. It is cost-effective and only requires small area.
3. It is specially design to pack multi sizes boxes with small quantities. It is suitable for various sizes of box. The machine is a vertical type with multiple functions and require a short time to change mould.
4. With Advanced PLC Control System Combined with 5.7" Colorful Touch Screen Control Panel, it can easily set and change the packing parameters.

Option

Leaflet Inserting, Hot Glue Seal, Date Code Printing by TTR

Technical Parameters

Model	XQ-50
Production Capacity	20-50 pcs/min
Box Requirements	250-350 g/m ²
Motor Horsepower	1/4HP 15:1
Power Supply	single phase 220v 50/60HZ
Machine Noise	≤80dB
Compress Air Consumption	150L/min
Compressed Air	0.5-0.8 mpa
Machine Size	1100*1500*1900 mm

Carton size

	MIN (mm)	MAX (mm)
A	20	80
B	20	80
C	60	200
Carton requirement	250-350 g/m ² National standard machine-made carton
