ST-TBJ-150A Intelligent Sticker Labeling Machine

Intelligent sticker labeling machine is intended mainly for sticking label outside the side face of round or quadrate bottles. The labeling machine words stably and reliably, which leads to smooth labels, clearly printed dates and batch numbers(the printer allows three rows of characters). This sticker labeling machine is provided with a multiple control system, which assures automatic stop at the lacking or breaking of labels as well as at the lacking of bottles. This labeling machine conforms to the specifications of GMP absolutely and is widely used in pharmaceutical, foods and chemical industries.

Technical Parsmeters:

Model	ST-TBJ-150A
Applicable bottle diameter	35~95(mm)
Label height	20~140(mm)
Label length	50~320(mm)
Labeling precision	±1(mm)
Capacity	2000—2500B/H
Power supply	220(V)、50(Hz)
Total power	2(kw)
Weight	About 250(Kg)
Dimension	1100×800×1100(L×W×H)(mm)
