TB-100A Automatic Labeling Machine Flat Surface

Applicable to various industries such as medicine, daily chemical, food and packaging, for automatic paging, coding and labeling of sheet materials such as unformed cartons, manuals, cards, etc.

Advantages

►Advanced and friendly man-machine interface system, simple and intuitive operation, complete functions, with rich online help functions
►Vacuum conveyor belt, so that the material is automatically adsorbed on the conveyor belt, to avoid material displacement problems, so as to achieve stable and accurate paging function
►Optional→transparent label sensor

Technical Parameters:

Labeling speed:	40-150 pieces/min (related to material and label size)
Labeling accuracy:	± 1.0mm (excluding material and label size)
Material size:	(L) 60-300 (W) 40-300 (H) 0.3-2mm
Label size:	(L) 20-200 (W) 20-130mm
Applicable label roll inner diameter:	φ 76mm
Applicable label roll outer diameter:	Maximum Φ350mm
Overall size:	2200×850× 1500mm
Power usage:	AC220V 50Hz/60Hz 1100W
