

Popsicle Bagger KT-250/320

Packry's PKT HFFS Horizontal Flow Wrap Packing Machine is suitable for ice pop, ice popsicle, ice cream stick, ice lolly into a plastic bag, it's widely used in food production areas.

Remark: Packry's engineer can customize our HFFS packaging solutions according to your product.

Features:

- Double frequency conversion control saves time.
- Easy interface and fast operation.
- Self-diagnosis fault function.
- High sensitivity photoelectric eye with higher precision.
- Independent temperature control, suitable for packaging different materials.
- The drive system is easy to operate and easy to maintain.
- All controls are controlled by PLC for easy function adjustment and technical upgrade.

Options:

- Lateral feed device
- Straight feed device
- Belt material conveyer
- End sealing auxiliary conveyer
- Auxiliary material feeding device
- Material cut prevent device
- Perforating device
- Angle folding device
- Date Printer
- Labelling machine

Specification:

Model	KT-250	KT-320
Film Width	Max.250mm	Max.320mm
Bag Length	65-280mm	65-330mm
Bag Width	30-110mm	50-160mm
Products High	Max.55mm	Max.55mm
Film Roll Diameter	Max.320mm	Max.320mm
Packing Speed	40-330bag/min	40-230bag/min
Power	2.4KW	2.6KW
Machine Size	3770*680*1420	3770*720*1420
Machine Weight	About 500kg	About 550kg
