

Automatic Liquid/Paste Filling And Packaging Machine MZH-B

MZH Series of Paste filling and sealing machine used for packing Liquid or paste, like sauce, honey jelly, juice, ketchup, flavor oil, shampoo, was hand gel etc.

Our Automatic paste filling and sealing machine has finish the processes of pouch forming, filling, sealing, cutting, date printing for pillow pouch packaging. Two types suit for single PE film and laminated film .With PLC controller and A pattern calibration photoelectric control device ensure the patterns will be complete and beautiful.

Standard Features

1. For Products dosing, Filling, Laminate heat sealable pouch making and sealing.
2. This liquid filling and packaging machine of Stainless steel 304 structure and surface
3. Weighing and Packaging PLC & HMI Control Integrated, More stable operation, Easy for parameter setting
4. Simple changing of pouch former, to adapt different pouch size requirement
5. Intelligent temperature controlling configuration, ensure the artistic and neat sealing
6. Configure with packaging film pre-pulling device, to enable stable pouch making
7. No film no filling, and easy to change the packaging film

Technical parameters:

Model	MZH-50
Product Type	Paste & liquid
Capacity	40-80 bags/min
Measuring Range	1-50 g
Bag Size	L:20-150mm W:30-100 mm
Bag Type	Four sides sealing
Control Way	PLC control Chinese and English screen
Total Power	1.1KW
Voltage	220V-50-60Hz
Bag Material	PE/aluminum foil/nylon/tea filter paper
Gross Weight	220kg
Overall Dimension	625X750X1550mm(L*W*H)
