

Automatic Instant Noodle Packaging Machine With Filling Multi Functional HKJ-LY-107

Suitable for automatic packing of instant noodles, biscuits, Japanese noodles, ice cream bar, snack, tissues, chocolate, quick frozen food, adhesive tape, industrial parts, consumer goods, etc

Features:

- PC based control for a more stable and reliable system with less trouble
- Digital display with package length, speed and temperature adjustable separately, easy and accurate to use
- Two-way tracking for accurate sealing and cutting for patterns
- Positioning shutdown and automatic open-closing device for longitudinal sealing, ensuring no harm to the packing films
