

## ***JB-330Y Small Bag Multi Packaging Machine for Oil/Honey/Chilli/Sauce/Tomato/Paste***

This machine is mainly used for liquid ice lolly (jelly stick), pure water, milk, soy sauce, vinegar, and medical and chemical liquid quantitative packaging.

### **Machine features:**

1. This machine can automatically complete the following work: solenoid valve control flow measuring--coding(optional)--bag making--filling--sealing--counting.
2. Computer/PLC control system, photoelectric tracking, to maximize the whole machine's control precision, reliability and intellectualized degree.
3. Has fault display system, easy to operate and maintain.
4. Machine shell and all food touching parts are made of stainless steel.

### **Specification:**

<b>Model</b>	<b>JB-330Y</b>
Packing speed	30-60 bags/min
Packing range	5-350ml
Film width	≤ 280mm
Making bag size	L: 50-330mm, W: 15-130mm
Packing accuracy	≤ ±1%
Power	1.6 KW
Power supply	AC220V, 50/60Hz
Seal type	4 sides seal, pillow seal
Net weight	260kg
Machine dimension	L800 × W680 × H1900mm
