

GDF24-6 Aluminum Can Filler Seamer for Carbonated Soft Drink

1. Is applicable for equal pressure filler and capper of carbonated drinks in beer and drink industry.
2. It is a pop canned beer in the digestion and absorption of advanced foreign and domestic sealing machine on the basis of independent development of the can filling, sealing unit.
3. Filling and sealing is the overall designed
4. Power system by filling sealing system to ensure that both the absolute synchronization and coordination.

Technical Parameter

Model	GDF12-1	GDF18-4	GDF24-6
Production capacity	1000-2000C/H	5000-6000C/H	8000-9000C/H
Filling heads	12	18	24
Seaming heads	1	4	6
Suitable can diameter	53-66mm		
Suitable can height	70-175mm		
Power	1.5Kw	3.7Kw	3.7Kw
Weight	1800Kg	2500Kg	3000Kg
Overall dimension	1750*1140*1950mm	2320*1400*1900mm	2580*1675*1900mm
