

## ZH-220 Cartoning Machine

ZH-220 cartoning machine is a continuous motion Cartoning Machine with the capacity up to 220 cartons per minutes, suitable for the packaging of blisters, bottles, vials, pillow packs, etc. The machine runs stable and provides easy changeover for different sizes of cartons. It can fold leaflets, open cartons, insert the products and leaflets into cartons, emboss, tuck-in or hot-melt closures and automatically discharge cartons. The machine is equipped with a series of sensors and automatic protective devices to assure the machine runs safely and effectively. It can connect with the Blister Machine, Pillow Packaging Machine, Shrink-Wrapper, etc., to form a Packaging Line.

### Technical Parameters:

Model	ZH-220
Max. capacity	220 cartons/min
Range of Carton Size	(55-160)x(30-110)x(15-60)mm
Power	3kW
Dimensions (L×W×H)	4500x1620x1600mm
Weight	1500Kg
