

## *YL-60B Automatic Vertical Cartoner*

YL-60B Automatic Vertical Cartoner is a fully automatic vertical cover cartoning machine. It is a faster model and is suitable for coffee capsules, washing powder, chocolate, pet food, penicillin bottles, perfume bottles, etc. This machine can load irregular bulk items that horizontal cartoning machines cannot load. This machine combines the world's advanced technology with our company's strong design team, has obtained a number of design patents, and is deeply favored by domestic and foreign companies.

### **Feature**

1. The cartoning machine includes an automatic station to form the cartons. The carton boxes are held by vacuum.
2. Product will be manually loaded on conveyer by manual, then other things finished automatically.
3. Automatically displaying device for trouble, speed and finished products counting.
4. Machine stop running if no products or incorrect position of products. And stop automatically if incorrect position of product into carton after return.
5. Adopt human-machine operation system.
6. International famous brand of electric components such for PLC touch screen, frequency inverters, etc.
7. Stable performance, operation is easy Controls.

## Technical parameters

Encasing speed		40-50 boxes/min
Box	Quality requirement	250-450g/m <sup>2</sup>
	Dimension range L×W×H	(100-250)mm×(80-160)mm×(25-75)mm
Compressed air	Working pressure	≥0.6mpa
	Air consumption	20m <sup>3</sup> /h
Power		380V/50Hz
Motor power		1.5kw
Machine dimension(L×W×H)		4700mm×2200mm×2100mm
Machine weight		1400kg
