Wilpac 威得堡®

WP-C Check Weigher

Application

◎ It is used to check whether the single bag wieght is conformed to the preset weight or not and auto remove the unqualified products by the rejection device.

Feature

◎ Intelligent design, automatic parameter adjustment, easy operation.
◎ With material close alarm, automatically generate columnar production reports;
◎ Conveyor belt structure adopts easy disassembly design, which is convenient for disassembly, assembly and cleaning
◎ PLC control system, standard industrial control screen, easy to expand other value-added applications, such as multi-segment weight sorting, weight feedback, etc.

Specifications

Model	WP-C200	WP-C1000
Weighing Range	5-200g	10-1000g
Accuracy	XIII(1)	XIII(1)
Max.Belt Speed	55m/min	52m/min
Max.Speed	100PCS	80PCS
Belt width	150mm	220mm
Belt size	350(L)x100(W)mm	450(L)x220(W)mm
Voltages	220V /500W/50/60HZ	220V/500W/50/60HZ
(L*W*H)	1250*570*1150	980*800*1290
Packing Dimension(mm)		

Model	WP-C2000	WP-C3000
Weighing Range	10-2000g	10-3000g
Accuracy	XIII(1)	XIII(1)
Max.Belt Speed	52m/min	40m/min
Max.Speed	80PCS	70PCS
Belt width	300mm	400mm
Belt size	450(L)x300(W)mm	650(L)x400(W)mm
Voltages	220V/500W/50/60HZ	220V/700W/50/60HZ
(L*W*H) Packing Dimension(mm)	980*860*1290	1400*950*1530*
